

## **QUARTERLY NEWSLETTER    OCTOBER 2008**

Hello and welcome to our most recent newsletter. Powa Products continue to be market leaders in rugby related innovations and developments. We work with top rugby coaches throughout New Zealand to bring you the latest and highest quality products available for rugby specific fitness and training.

### **NEW POWA PRODUCTS**

After much interest over the years we are in the process of developing a weighted ball. The ball will weigh approximately 1-2 kg and will assist in the training of key position specific skills such as the halfback's pass and hooker's throw in. The ball will be available at the start of the 2009 season. If you have any suggestions for any of our product range or rugby related products you would like to see us supply please do not hesitate to contact us.

### **KI O RAHI**

Over the past year we have been developing our products to assist in the revival of an ancient Maori game known as Ki O Rahi. Powa Products was approached by Paora Johanson the Nutrition and Physical Activities Officer of Best Care Whakapai Hauora to develop Ki O Rahi equipment. In September the 2<sup>nd</sup> Annual Manawatu Secondary Schools Ki O Rahi tournament was played at Colquhoun Park in Palmerston North with a great turnout of 11 teams. Queen Elizabeth College was the winner and won a Ki O Rahi set for their school which was donated by Powa Products. Please visit the "Ki O Rahi" Section of our website for further information.

### **POWA GEAR DOME SPECIAL – LIMITED OFFER**

The **Powa Gear Dome** may now be printed with your club, school or sponsors' logo. Entice potential sponsorship with this innovative idea. The gear dome allows sports teams to keep their gear dry, safe and all together on the sidelines. Great for those freezing cold, raining Saturday mornings! The dome is as easily erected as an umbrella taking just seconds to put up and take down, and is lockable. Now on Special for just **\$65.00** (Excluding G.S.T, printing and freight) it is a great idea for all teams especially travelling teams to prevent gear from going missing.

**SPECIAL: \$65.00**

## POWA SCRUM NEWS

Recently Chris has been developing a water / bladder tank to fit the Powa Scrum Sledge / Ruck Machine. When the tank is filled with water it weighs approximately 800kg. Still in the initial stages of development, the tank is fully portable, packing down into a single carry bag. The old times of the backs standing on the scrum machine for scrum trainings will soon be a thing of the past with the Powa Bladder Tank.

Chris has designed a trailer specifically for the transportation of the Powa Scrum Sledge / Ruck Machine. The trailer features a small hand winch and rollers making it easy to take the scrum machine on and off the trailer. This is a great idea for coaches who travel and wish to have the Powa Scrum Sledge at all of their training sessions.

## POWA PRODUCTS WEBSITE

During July this year we experienced difficulties with our website and the “Get a Quote” section was not working. We apologise for any inconvenience this caused, and assure you the problems have since been fixed. If you requested a quote through the website and we didn’t reply to you we apologise. We hope we haven’t missed any of your quotes. We pride ourselves on our service and getting the information you require should be straight forward and prompt.

## POWA SERVICE AND QUALITY

Powa Products pride ourselves on our service and quality of our products. Our mission is “To provide innovative, high quality rugby related products at competitive prices through fast and efficient service”. Over 90% of our products are New Zealand Made. We only supply high quality products that are long lasting and able to cope with the high demands of harsh Rugby environments. All equipment is fully guaranteed for 12 months.

## POWA CATALOGUE 2009

Our new catalogue is here for the 2009 rugby season. Please contact us if you require the latest catalogue and price list. We will be distributing the catalogues in October & November along with a survey, which when returned will go in a draw to win \$1000 worth of product.

Visit the newsletter section of our website to view any previous newsletters. For further information about any of our products, free quotes, or queries in regards to this newsletter please do not hesitate to contact the team;
